**Monroe University Is Hosting an Open House
on the Bronx Campus on Saturday, November 2**

Bronx, New York: The faculty and staff of Monroe University are excited to invite prospective students and their families to an upcoming Admissions Open House on Saturday, November 2nd, from 10:00 am to 12:00 pm on the Bronx campus.

The Open House will take place in King Hall (2501 Jerome Avenue) on the Bronx campus. The Fordham Road stop on the 4 train is one block away, and there's a municipal parking deck just across the street at Jerome and 190th Street.

A separate Open House will be held on Saturday, November 16th, for those interested in attending Monroe's New Rochelle campus.

All are welcome. Whether you are a high school senior, transfer student, or working adult looking to continue your education, Monroe looks forward to speaking with you about what the institution has to offer to help you achieve your college and career goals.

We will also have staff available to speak about our program to help students who do not yet have a high school diploma earn their High School Equivalency Diploma while pursuing an Associate degree.

Fully online degree programs are also available to offer students greater flexibility managing their school, home, and work responsibilities.

At the Open House, attendees will have the opportunity to tour the campus, learn about academic programs, meet current students, speak with faculty, and even meet with Monroe's admissions and financial aid teams.

Monroe's academic leadership, including deans and department heads from various disciplines, will be on hand to speak about the diverse range of Monroe's degree programs and the University's warm, personal learning environment designed to help students succeed. They will also focus on the wide range of support programs available at Monroe, from academic advising, tutoring services, and financial aid options to career readiness programs, mental health resources and much more.

"Whether students need help adjusting to university life, navigating coursework, or preparing for their future careers, we have a strong support system to assist them," said Marc Jerome, president of Monroe University. "We absolutely have our students' backs!"

Come find out what Monroe has to offer. The Open House is a terrific opportunity to learn what it would be like to be a student at an institution that has been part of the Bronx for more than 90 years and has been nationally recognized for its student outcomes.

Monroe's students, faculty, and staff look forward to welcoming our local community to the Bronx campus for the Open House on November 2nd.

ABOUT MONROE UNIVERSITY

Founded in 1933, Monroe University is a recognized leader in urban and international education. The University is proud of its innovative programs to increase college access, affordability, and completion outcomes, especially among first-generation students, and for the national recognition it receives for its strong impact on graduates' social mobility.

Programs are offered through Schools of Allied Health Professions, Business and Accounting, Criminal and Social Justice, Education, Hospitality Management, Information Technology, and Nursing, as well as through its King Graduate School. Liberal arts and continuing education programs are also available. For more information and admissions criteria, please visit <http://www.monroeu.edu>.
