Bachelor's Degree

With a Bachelor of Business Administration (BBA) in Finance from Monroe's School of Business and Accounting, you'll learn the skills you need to succeed in the field of finance. You'll learn about corporate finance, private finance, investment portfolio management, stock valuations, fixed-income securities trading, and more. By the time you graduate, you'll be prepared to manage assets anywhere in the business and financial sector.

At Monroe's School of Business and Accounting, your professors are also professionals: senior financial executives, analysts, and more. experience. They'll help you to understand every facet of our financial system, arming you with the skills you'll need to navigate the complex world of modern financial institutions.

Whether you're just out of high school or going back to school as an adult learner, you can create a flexible schedule that works with your life as it is now — so you can start building the life you want for the future.
