

MONROE UNIVERSITY SCHOOL OF ALLIED HEALTH PROFESSIONS

ALLIED HEALTH SCIENCE CLINICAL TRACK

Your First Step to a Career in Healthcare

Complete an associate degree in Allied Health Science at Monroe University designed to open doors to your future in healthcare.

ABOUT THE A.S. DEGREE IN ALLIED HEALTH SCIENCE

- + 64-credit program completed in just four semesters
- + Builds a strong foundation in health science
- + Opens up doors to bachelor's degrees and certain clinical programs

After successfully completing the A.S. in Allied Health Science, with the required GPA, you may smoothly transition into:

- + B.S. in Health Sciences
- + B.S. in Nursing
- + A.A.S. Diagnostic Medical Sonography and then into the B.S. in Health Sciences

IF YOU PURSUE THE NURSING TRACK:

- + 55 of the 64 Allied Health Science credits apply to the B.S. in Nursing
- + Students complete the B.S. in Nursing in five semesters of full-time study
- + Students are eligible to sit for the RN license, upon completion of the B.S. in Nursing
- + Students earn the A.S. in Allied Health Science and the B.S. in Nursing in a total of nine semesters of full-time study

IF YOU PURSUE THE DMS TRACK:

- + 26 of the 64 Allied Health Science credits apply to the A.A.S. in DMS
- + Students who complete the A.A.S. in DMS are eligible to sit for the DMS certification exam
- + The remaining 38 of the 64 Allied Health Science credits apply to the B.S. in Health Sciences
- + Students earn the A.S. in Allied Health Science, the A.A.S. in DMS, and the B.S. in Health Sciences in a total of nine semesters of full-time study

TAKE THE NEXT STEP IN HEALTHCARE

At Monroe University, an Allied Health Science degree is more than a foundation—it's your springboard into advanced clinical programs and rewarding healthcare careers.
