

THE JUMPSTART PROGRAM AT MONROE UNIVERSITY

High school juniors and seniors can get an early start on earning college credits.

Jumpstart affords ambitious high school students the opportunity to challenge themselves by taking one of our college courses. The classes are taught by our exceptional faculty members using the same curriculum and material used when teaching our matriculating students.

There is no cost for the program and textbooks are provided.

More than 11,000 students to date have completed this program, earning three transferable college credits per course at no cost.

THE JUMPSTART ADVANTAGE

- Classes are taught by experienced Monroe University faculty.
- Jumpstart classes meet weekly, with in-person options in the Bronx and virtual options available.
- Jumpstart students are conditionally pre-approved to enroll at Monroe University upon graduation from high school.
- Monroe credits are transferable so students are able to apply them to an education at Monroe or another institution.
- Students could be eligible for scholarships and grants upon acceptance and commitment to Monroe University.

EARNING COLLEGE CREDIT

Students are expected to adhere to the college attendance policy and complete required exams and assignments to earn a grade and be awarded college credit. Monroe grants three college credits for each class successfully completed.
